## IMPORTANT SAFETY INFORMATION (Continued)

### WARNINGS

Processing of the tissue, laboratory testing, and careful donor screening minimize the risk of the donor tissue transmitting disease to the recipient patient. As with any processed donor tissue, ALLODERM SELECT™ RTM is not guaranteed to be free of all pathogens. No long-term studies have been conducted to evaluate the carcinogenic or mutagenic potential or reproductive impact of the clinical application of ALLODERM SELECT™ RTM.

**DO NOT** re-sterilize ALLODERM SELECT™ RTM. **DO NOT** reuse once the tissue graft has been removed from the packaging and/or is in contact with a patient. Discard all open and unused portions of the product in accordance with standard medical practice and institutional protocols for disposal of human tissue. Once a package or container seal has been compromised, the tissue shall be either transplanted, if appropriate, or otherwise discarded. **DO NOT** use if the foil pouch is opened or damaged. **DO NOT** use if the seal is broken or compromised. **DO NOT** use if the temperature monitoring device does not display "OK." **DO NOT** use after the expiration date noted on the label. Transfer ALLODERM SELECT™ RTM from the foil pouch aseptically. **DO NOT** place the foil pouch in the sterile field.

### PRECAUTIONS

Poor general medical condition or any pathology that would limit the blood supply and compromise healing should be considered when selecting patients for implanting ALLODERM SELECT™ RTM as such conditions may compromise successful clinical outcome. Whenever clinical circumstances require implantation in a site that is contaminated or infected, appropriate local and/or systemic anti-infective measures should be taken.

ALLODERM SELECT™ RTM has a distinct basement membrane (upper) and dermal surface (lower). When applied as an implant, it is recommended that the dermal side be placed against the most vascular tissue. Soak the tissue for a minimum of 2 minutes using a sterile basin and room temperature sterile saline or room temperature sterile lactated Ringer's solution to cover the tissue. If any hair is visible, remove using aseptic technique before implantation.

ALLODERM SELECT™ RTM should be hydrated and moist when the package is opened. **DO NOT** use if this product is dry. Use of this product is limited to specific health professionals (e.g., physicians, dentists, and/or podiatrists). Certain considerations should be made to reduce the risk of adverse events when performing surgical procedures using a tissue graft. Please see the Instructions for Use (IFU) for more information on patient/product selection and surgical procedures involving tissue implantation before using ALLODERM SELECT™ RTM.

### ADVERSE EVENTS

The most commonly reported adverse events associated with the implant of a tissue graft include, but are not limited to the following: wound or systemic infection; seroma; dehiscence; hypersensitive, allergic or other immune response; and sloughing or failure of the graft.

**ALLODERM SELECT™ RTM is available by prescription only.**

For more information, please see the Instructions for Use (IFU) for ALLODERM SELECT™ RTM available at [www.allergan.com/AlloDermIFU](http://www.allergan.com/AlloDermIFU) or call **1.800.678.1605**.

To report an adverse reaction, please call Allergan at **1.800.433.8871**.

**For more information, please call Allergan Aesthetics™ Customer Service **1.800.367.5737** or visit [WWW.ALLODERM.COM/HCP](http://WWW.ALLODERM.COM/HCP).**

**The AlloDerm™ RTM Guarantee Program** offers facility customers a replacement of any piece of AlloDerm™ Regenerative Tissue Matrix (RTM) that is explanted, subject to the program terms and conditions.

### INDICATIONS

ALLODERM SELECT™ Regenerative Tissue Matrix (ALLODERM SELECT™ RTM refers to both ALLODERM SELECT™ RTM and ALLODERM SELECT RESTORE™ RTM products) is intended to be used for repair or replacement of damaged or inadequate integumental tissue or for other homologous uses of human integument. This product is intended for single patient one-time use only. ALLODERM SELECT™ RTM is not indicated for use as a dural substitute or intended for use in veterinary applications.

### IMPORTANT SAFETY INFORMATION

### CONTRAINdications

ALLODERM SELECT™ RTM should not be used in patients with a known sensitivity to any of the antibiotics listed on the package and/or Polysorbate 20.

Please see additional Important Safety Information on the back of this brochure.

# TAKE CONFIDENCE in Allergan Aesthetics™, an AbbVie company, and the AlloDerm™ RTM Guarantee Program

We understand the unique challenges healthcare providers face, which is why Allergan Aesthetics™ offers the AlloDerm™ RTM Guarantee Program.

## Collaboration

As your partner in providing a high-quality acellular dermal matrix, Allergan Aesthetics™ understands challenges facing healthcare providers, and we stand behind our products.

The AlloDerm™ RTM Guarantee Program will replace any piece of AlloDerm™ RTM that is explanted at no cost to the facility.

## The AlloDerm™ RTM ADVANTAGE

*There are many reasons AlloDerm™ RTM is a widely used acellular dermal matrix*

More than 25 years in tissue processing with proven tissue regeneration<sup>2,3,\*</sup>

Over 2.5 million implantations with zero cases of documented disease transmission<sup>1</sup>

The most published ADM, with hundreds of scientific and clinical articles<sup>4</sup>

Extensive coding, coverage, and reimbursement<sup>5</sup>

An ongoing commitment to product innovation

## Evidence from published literature and preclinical studies<sup>2,6,\*</sup>

### AlloDerm™ RTM\*:

- Demonstrated rapid revascularization and cell repopulation
- Minimal inflammatory response that led to transition into host tissue
- Lack of observed scar tissue formation
- Did not encapsulate or resorb

## Experience and performance.

\*Correlation of these results, based on animal studies, to results in humans has not been established.

## ALLERGAN AESTHETICS™ STANDS BEHIND AlloDerm™ RTM

### Program Details

The AlloDerm™ RTM Guarantee Program offers facility customers a replacement of any piece of AlloDerm™ RTM that is explanted, subject to the program terms and conditions.

To be eligible for the guarantee, facilities must comply with all terms and conditions. For more information, contact your local Allergan Aesthetics™ representative today, or call Allergan Aesthetics™ Customer Service at 1.800.367.5737.

### Terms and Conditions

The AlloDerm™ RTM Guarantee Program applies to all pieces of AlloDerm™ RTM that are explanted, provided that the product has been used:

- As intended by appropriately qualified and licensed surgeons
- In accordance with the current AlloDerm™ RTM Instructions for Use, found at [www.allergan.com/AlloDermIFU](http://www.allergan.com/AlloDermIFU)

All AlloDerm™ RTM replacement requests are subject to the Allergan Aesthetics™ review process.

The AlloDerm™ RTM Guarantee Program is available to all facility customers. No separate contract is required to take advantage of the program.

If a facility receives a replacement piece of AlloDerm™ RTM at no charge from Allergan Aesthetics™, the facility will not seek reimbursement for the product from the patient or any public or private insurance carriers.

Please see Important Safety Information on the front cover and back of this brochure.
